GROUP OF COMPANIES

Lightbox Group of companies is a lighting and home automation Design and Supply group that operates in Lebanon, Kuwait and many other countries through its off-shore operations. The group was founded in April of 2002 in Beirut, Lebanon in the aim of becoming a first-class lighting solutions provider. Through the years it managed to become a leader in lighting and home solutions not only in its home country Lebanon but also in the Mena region. As a group, we have built an excellent reputation as a high-end provider of lighting solutions but also in first quality lighting design and home automation solutions.

Today the group is formed by 4 companies:

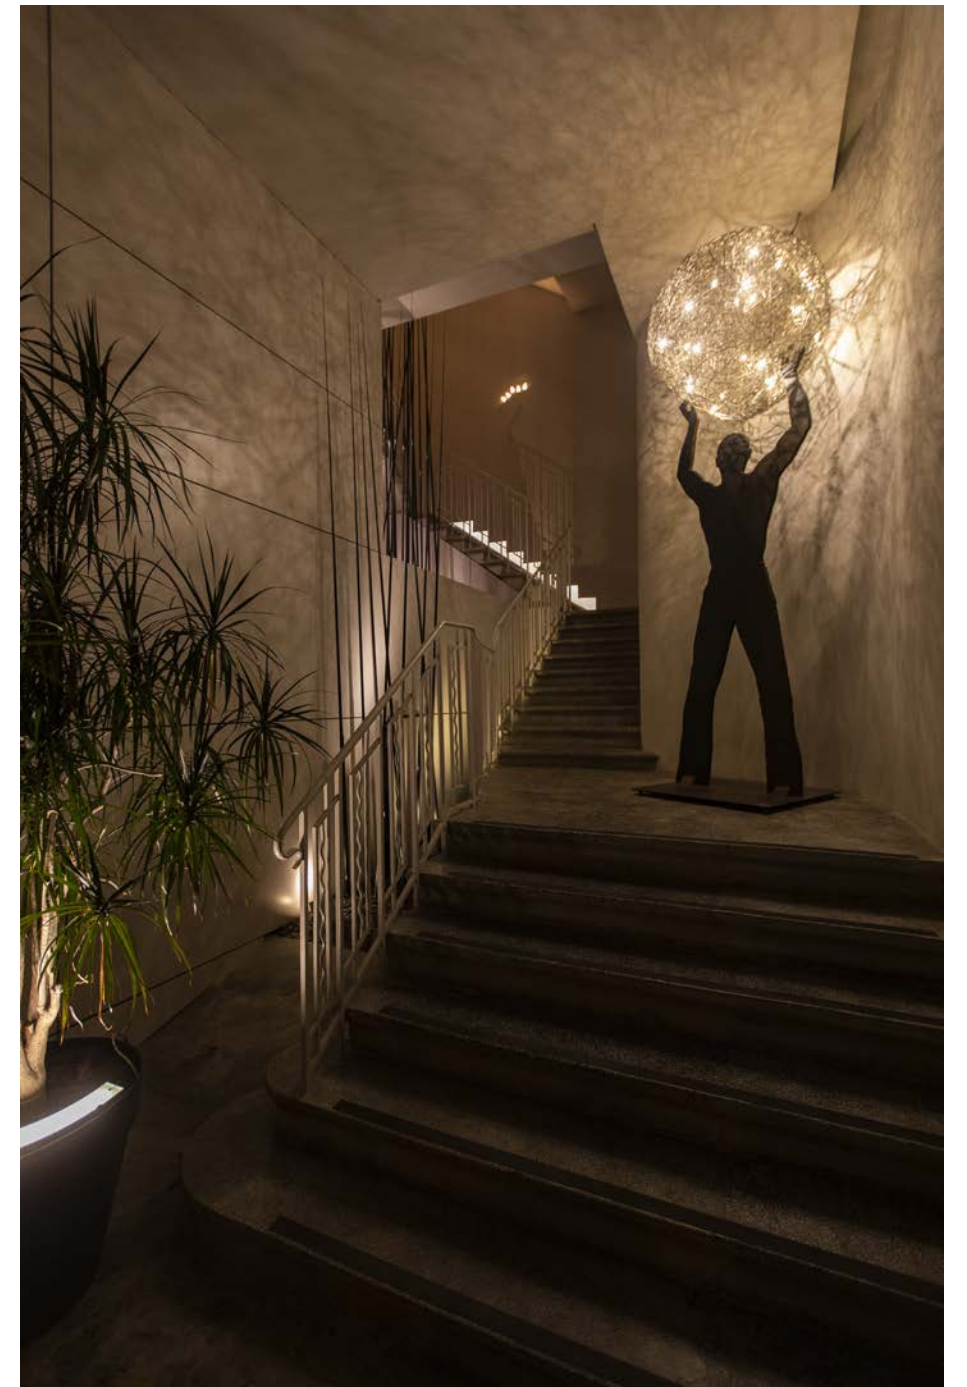

- Lightbox International SAL that operates in Lebanon.
- Lightbox Holding SAL.
- Lightbox International SAL Offshore that covers all operations outside of Lebanon: currently we are very active in Kuwait and Sub-Saharan Africa.
- Luxlab SAL which is the design entity of the group that operates out of Lebanon and services all the markets.

Our purpose has been and still is to be the leading lighting and home automation solution provider in each and every country we operate in. We aim to provide the best quality solutions to our customers at the best possible price. Everything we do revolves around supplying quality solutions to our customers and following them across borders.

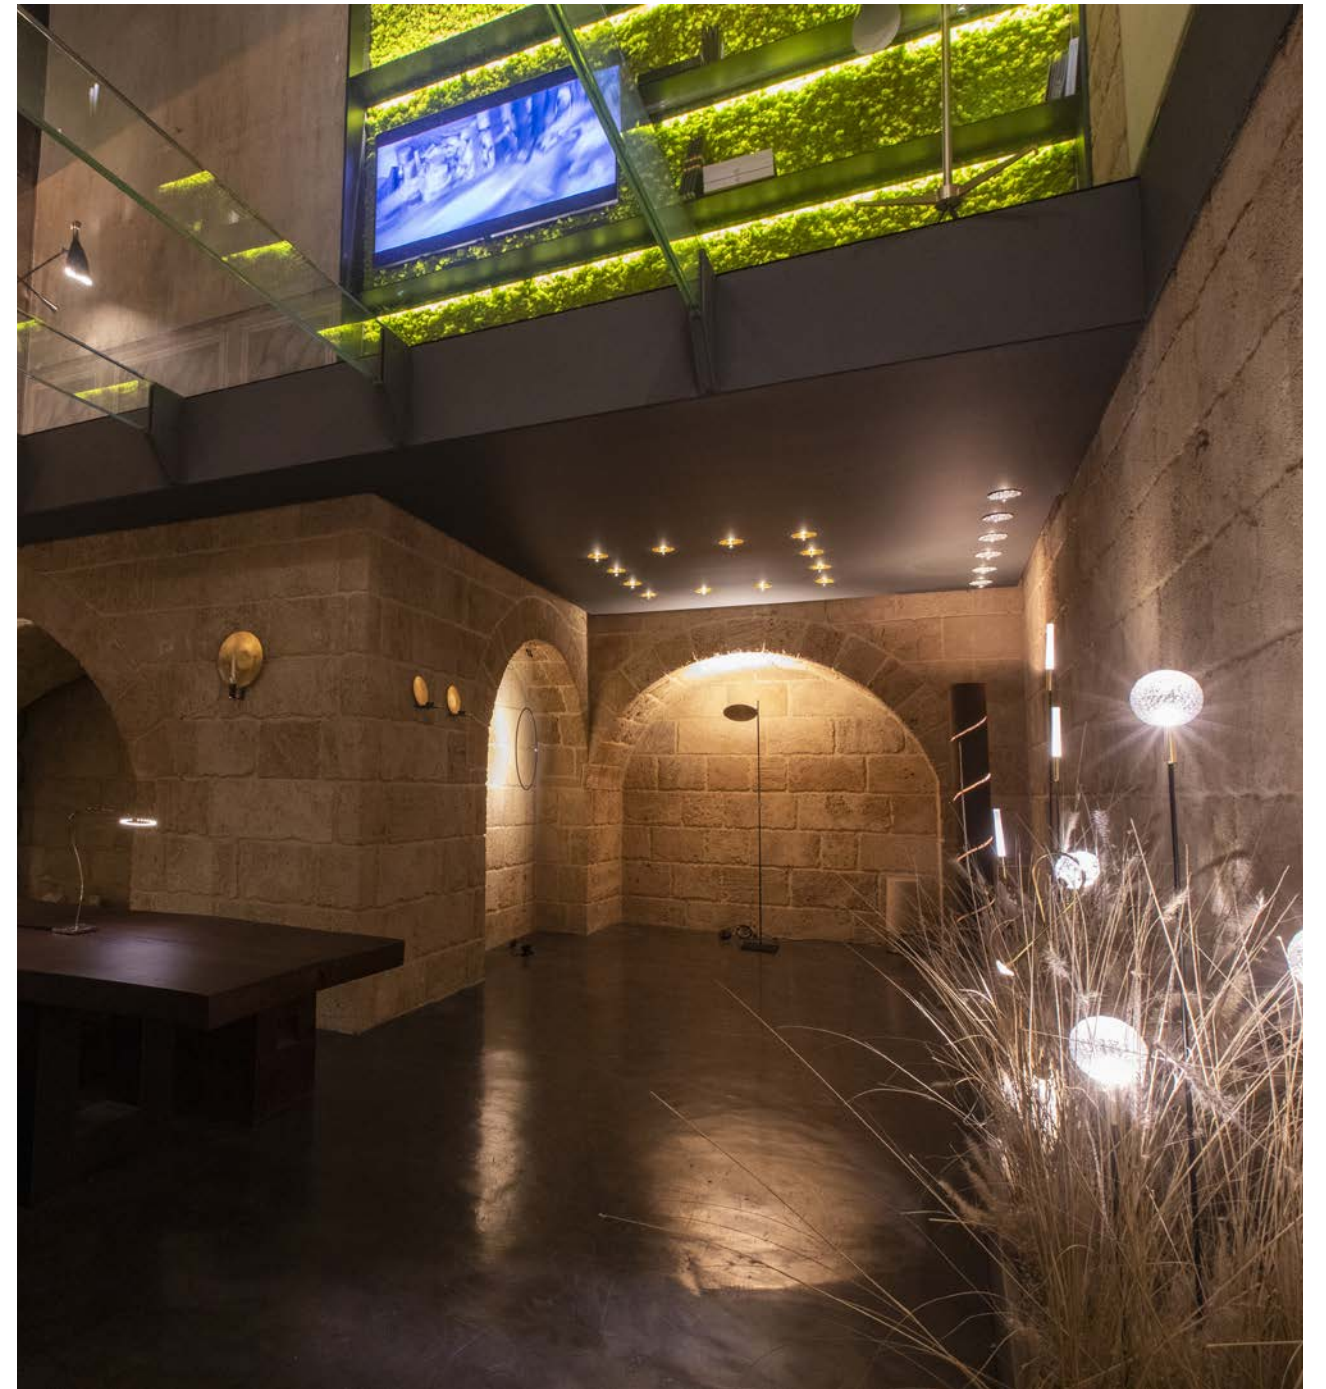

We believe in team work and our employees are the key to our success. They identify strongly with our values. Our work environment promotes creativity, initiative, and individual growth. We treat our people as family and we try to promote from within.

We strive on selecting our suppliers to be the best in design and quality and up to date technology. Our portfolio of products covers all ranges and needs for Lighting and Home Automation Solutions. Our suppliers are crucial to our development, which is why we build strong and long lasting relationships with them; relationships of limitless mutual growth.

FOUNDER & CEO

Toufic Nemr

Founder/CEO

Toufic Nemr is the co-founder and CEO of Lightbox Group of Companies

Toufic brings more than 30 years of experience in the lighting and EMS sector in Lebanon and the Gulf and Mena Region

Holder of a Bachelor Degree in Business Marketing from the Lebanese American University, he started his career in sales in Debbas Lighting Company where he worked for 11 consecutive years.

In April 2002, and with two partners he decided to create his own lighting Company; Lightbox SAL in Lebanon. Since then, the company grew to become a group of four companies that operates in different countries in the Gulf and Africa.

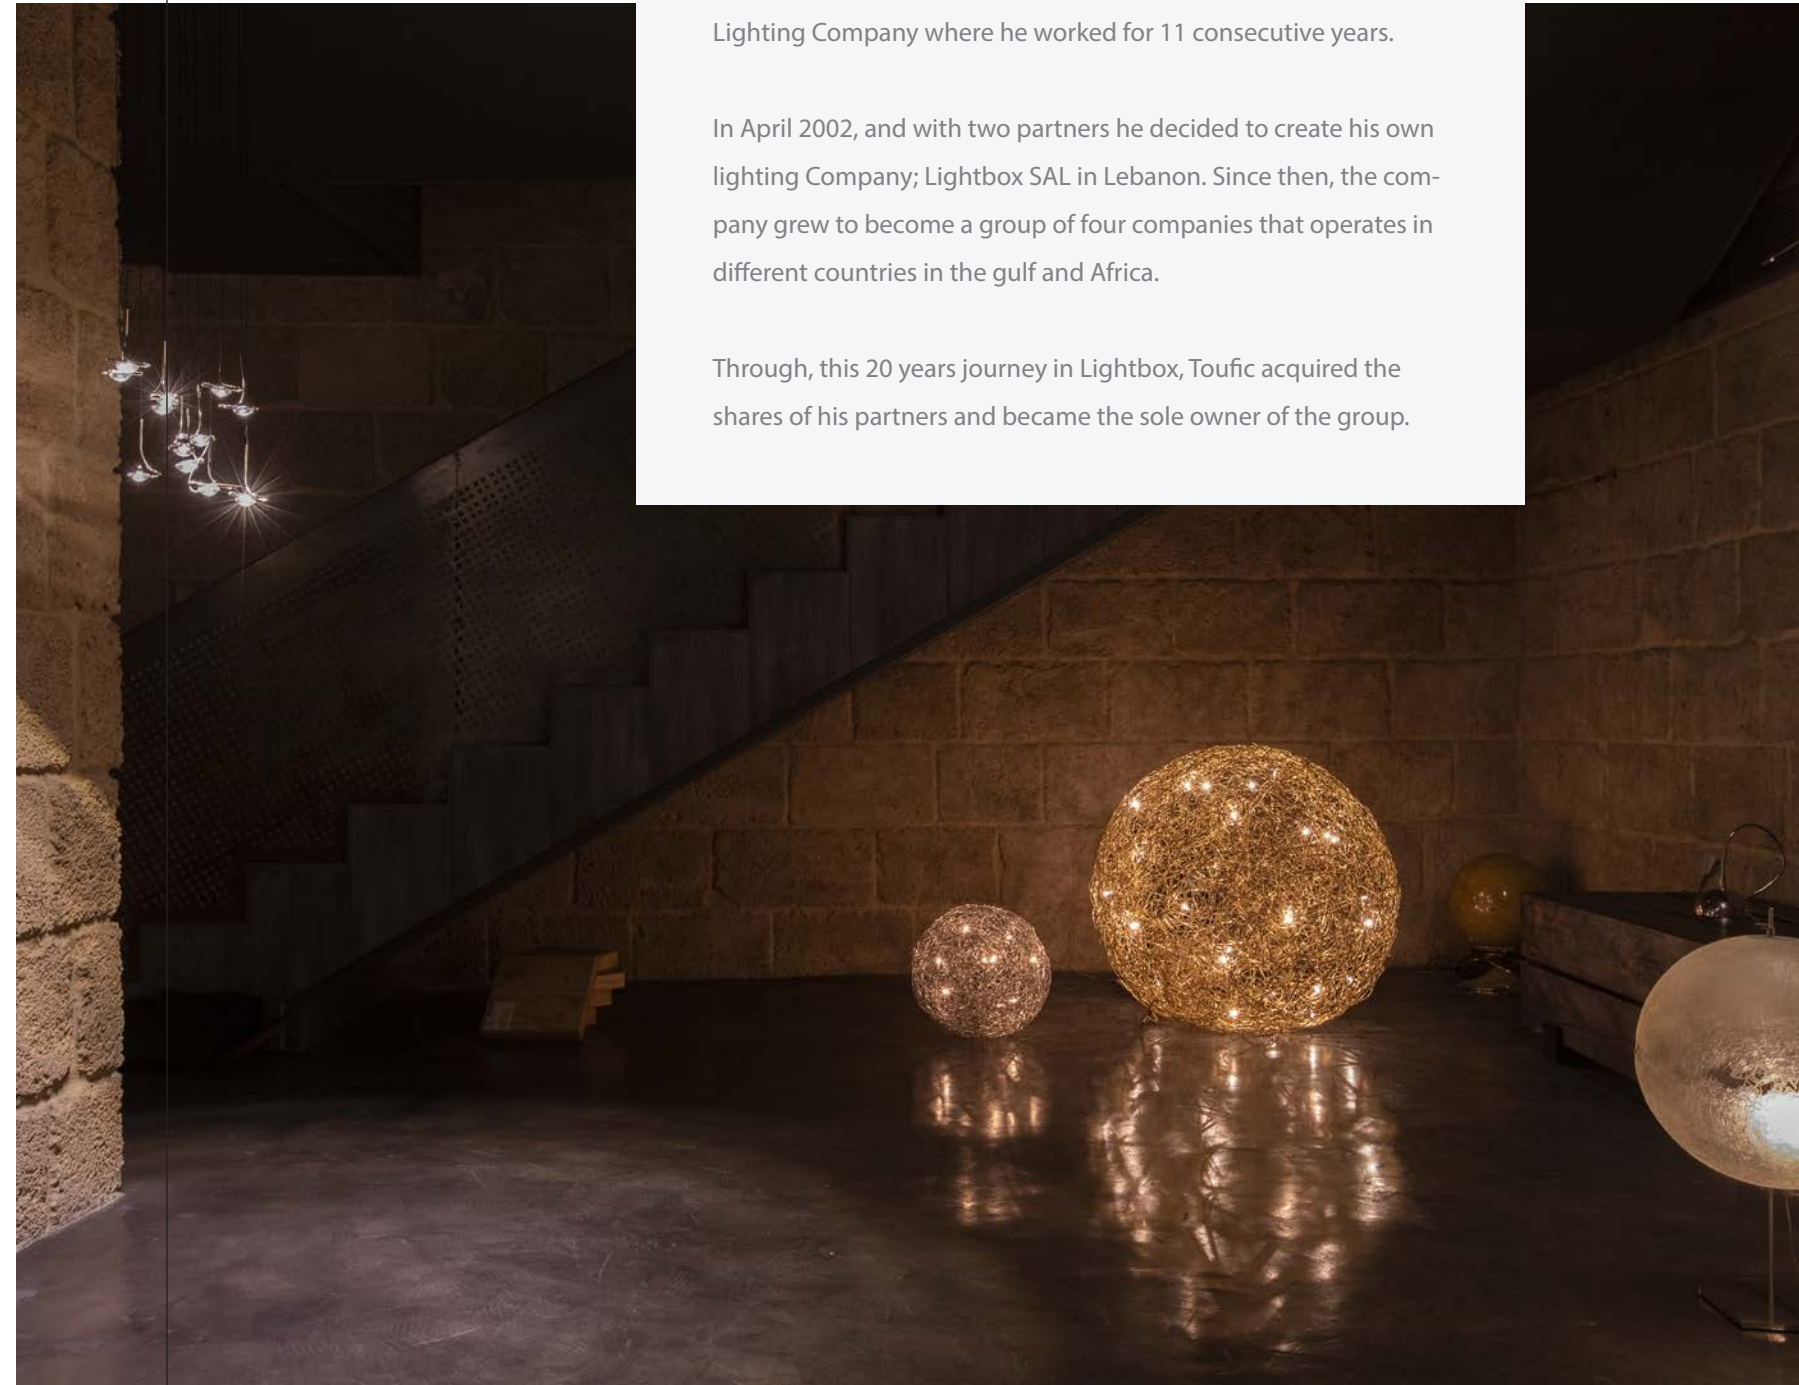

Through, this 20 years journey in Lightbox, Toufic acquired the shares of his partners and became the sole owner of the group.

Our aim is to enrich spaces with memorable experiences whether living, commercial, cultural or hospitality.

Each project brings a new story, a story which starts with an idea and sails its way into reality. We come on board with our team's diversified professions hand in hand to enjoy each experience every step of the way.

No matter how fast Technology and our industry are evolving, yet our team and our service are the two basic pillars that escort us always along every journey. Adapt, Anticipate and Move Forward.

OUR TEAM

THE MEMBERS OF OUR COMPANY

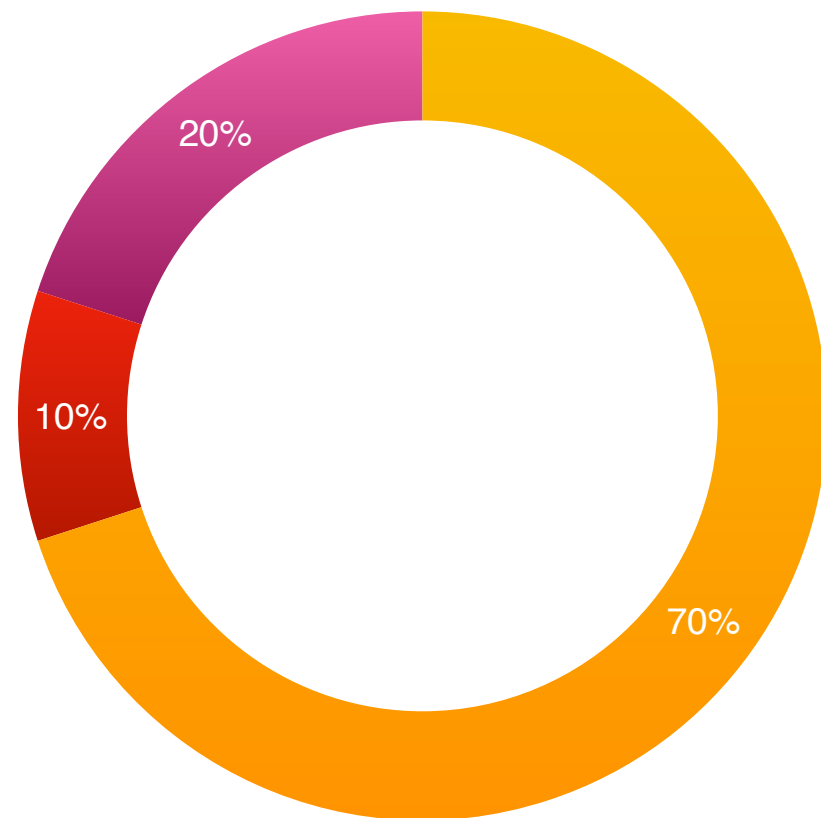

Our continued success depends on every member of our team, from back office to front office, each employee is a specialist in his or her field.

Most of our staff possess post-graduate education in one or more of the following disciplines - Business, Engineering, Finance, Architecture and Supply Chain Management.

Due to their unconditional commitment to the company which they consider their own, and their adherence to the values especially providing top notch service to customers, our team led by our founder has driven the group into substantial accomplishments over the years.

OUR CUSTOMER BASE

● MIDDLE EAST ● EUROPE ● AFRICA

The LIGHTBOX aesthetic appeals to the design savvy, varying from professionals in the field of architecture, interior and lighting design, to individual home owners with discerning taste seeking the cutting edge in lighting design.

We work very closely with our clients, nurturing a long standing relationship built around the common appreciation for design, quality and longevity.

"Strive not to be a success, but rather to be of value."

Albert Einstein

OUR SERVICES

THE LIGHTING SUPPLY

We supply both decorative and architectural lighting from Top International Brands. We also strive to provide our clients the best quality and design products for all budget categories without compromising our standard of quality.

THE HOME AUTOMATION

With the increasing demand of centralization, remote access, energy efficiency, improved functionality, security & comfort, flexibility in the management of lighting, blinds, shutters, HVAC, energy management, security systems, audio video, door communication and access control systems for residential and corporate spaces has become a necessity. This is where smart automation makes a big difference. Being a continuously evolving technology, we keep track of the latest updates through continuous research, yearly exhibitions as well as regular trainings organized by our partners. We ensure our client satisfaction by sharing our knowledge and experience paving the way for a smart yet comfortable and friendly user environment. Our system is complemented by the matching high quality wiring devices which help in making spaces even more convenient.

THE LIGHTING DESIGN

As lighting Designers, our role is to create an emotional bond between people, space and light. We believe that the lighting design is an integral part of the architectural concept. Our team of designers collaborate with the architects at an early stage, to make their vision reality. In addition, we combine cost effectiveness and energy-efficiency with the lighting selection.

THE AFTER SALES

We strive to give the best effective after-sales follow-ups. We have appointed a professional team for all necessary technical needs, during and after the installation of our products.
